On inquiry at the garages the chief learned that the boys arrived in Dixon Tuesday night at about repairs were made to the car. The lads tendered a check in payment for the work done and left the city before noon Wednesday, stating that they were going to Coleta, Whiteside county, to visit friends and from there were going to St. Louis. A telegram was sent back to Bloomington stating the facts and before 10 p. m. instructions were received signed by Homer E. Starin and Thomas P. Huntington, parents of the boys, to apprehend them and hold them in a hotel and

they would be sent for today. Chief Tourtillott secured a machine from the Nettz garage and went to Co leta where it was found they had been at the Charles Pulver home but had left during the afternoon and went to the Alvin Stees home at Penrose. A trip was then made to Penrose and the lads were found at the Stees home The chief notified the boys that their parents had notified him to take them back to Dixon. They complied with the request and the return to Dixon was made. The car was placed in a garage and the boys went to a hotel. The lads take the affair with good nature stating that they were out for a few days' trip over the country. It is expected that one of the parents will arrive this afternoon or evening to accompany the boys home.

When sufficient care and discretion are accorded its design, no type of Sleeping Room Furniture is better suited for the present needs than that adapted from the Queen Anne.

In the designing of this successful Queen Anne suite the average need has been carefully considered. Simplicity of outline, true to type, has been combined with unpretentious richness of material and finish. Workmanship of similar character is, of course, assured in this production.

The result is a suit of widest appeal—one that is readily appreciated.

Only a Few More New Hoosier Beauties

If you don't do anything else tomorrow, have your wife bring you down to see these new Hoosier Cabinets before they are all gone.

Hoosier Beauty is the National Step Saver - the finest and most complete ever built—now improved in a dozen ways.

The women who purchased Hoosier Beauties this week have in their homes a laborsaving machine of which they will be as proud in twenty years as they are today—at a price so low that any woman, not matter what her income, can afford it.

Are YOU Like This Man?

Night after night he had gone home and fould his wife tired, cross-worn out-yet, after supper while he read the paper, she was in kitchen toiling over the dishes. He decided he wasn't fair. A dollar was pretty small to stack against his wife's health and the happiness of

"Here's My Dollar"

he said. "Send out one of them Hoosier Cabine's everybody's buying this week." We did, and now he and his wife both are happy.*

Now men! How about your wife? Is she getting a fair deal from you? And woman are you fair to your family when you make a drudge out of yourself instead of a good wife, mother and companion?

No woman has a right to drudge along with old fashioned, oat-of-date equipment when the remarkable convenience of a Hoosier Cabinet is now brought to her at a price within the reach of any income.

We have had a wonderful sale this week.

-These new Hoosiers have been the talk of the town. The sale may close tomorrow. It ends when this small lot is gone. While they last, a single dollar puts any Hoosier in your home,

The National Step Saver

and the rest is only a dollar a week for a few weeks If the Hoosier Beauty isn't exactly what you want, you can have

At \$9 Less Than Standard Prices

The New Hoosier Wonder

This cabinet has pure aluminum table; big roomy white enamel cupboards uncluttered with cubby holes or partitions. It is by long odds the lowest priced high-grade kitchen cabinet ever sold.

The New Hoosier Special

Wo on , have one or two of these left. This cabinet is midway between the Hoosier Wonder and the Hoosier Beauty in convenience, and is equal to the Hoosier Beauty in size.

Don't fail to compare this with the popular New "Roll Door Hoosier"

For this is the only kitchen cabinet with roll doors that are removable and sanitary. Note particularly the absense of cubby holes and partitions that eatch dirt or dust. And finally, there is The New "Hoosier De Luxe"

The famos Hoosier Beauty white enameled inside and out-a kitchen cabinet of remarkable beauty.

Every one of these cabinets will be sold, while they last, this week at introductory prices, far below the standard prices of kitchen cabinets in their class.

This may be our last announcement. Come early tomorrow and pick your choice before it is too late.

THE BIG BOND ISSUE IS NEEDED.

The last meeting of the board of supervisors was hardly productive of were Dixon shoppers today. the most possible good in the line of advancing the road conditions of Lee county. The board voted to put half of the state aid road allotment for next year on the old Chicago road, beginning at the Chicago and Northwestern vi- with Mrs. Lehman's parents, Mr. and aduct just southeast of the city limits of Dixon, and going in a southeasterly direction therefrom. The biggest objection we have to the location of this state aid road at this point is that there already is a hard road there, as everyone knows. True, the road is not the smoothest road in creation, but it is Dixon yesterday. so many times better than the miles and miles of bog and mud roads in this county that we cannot see why under the canopy the board of supervisors funeral of his father, Aquilla Spencer, should place it where they did. Why would it not be good judgment to spend which was held this afternoon. road money where the need is greatest, not where the need is least. The road Vaile, James Reynolds, James Harallotment is small enough without wasting it by putting it on a road that is kins and Harry Seekman attended the already improved. Such an action is like a man having two hats and no shoes. We think the county would be better off if the road money could be spread around a little. We believe in spending the state aid money in country townships that have no large towns in them to help pay the taxes. We believe in Dixon yesterday. putting these roads on dirt roads that carry the greatest amount of traffic.

There is a spot on the Chicago road, beginning about six miles out from for a few days. Dixon, which is almost impassable most of the year. It is not more than a Wis., and Miss Katherine Kearns of mile long, but is deep, soft clay; never seems to be dragged; always full of Ottawa, Ill., are visiting at the home deep ruts, and it, in fact, the worst spot between Dixon and Lee Center or of their sister, Mrs. G. C. Garrison. Amboy. If the board of supervisors insists upon putting the state aid road on Shoshone, Wyo., for a few weeks this Chicago road, why don't they reconsider their recent action and move it from the hard road to the dirt road, either this side of the present concrete Trautman home on Seventh street. road, or on the other side.

The most advantageous and desirable place for the state aid road is the there this week. Lincoln Highway. There are many miles of dirt road on the Lincoln Highway in Lee county. The Telegraph would like to see any part of this improved. main a few days. The reasons are obvious,. There is no road in the county that carries a fraction of the traffic that the Lincoln Highway carries. The most part of the nesday Lincoln Highway in Lee county is the worst part of the national road between Dixon and the Atlantic Ocean.

The county board also portioned a small part of the state aid road to in the city yesterday afternoon callthe highway between Dixon and Harmon, on the dirt road running south from the Cook school house in Nelson. While we believe it is useless to divide Lavina Martin and Elmer Tranta these small stretches of roadway and we do not believe that the appropria- to attend the corn carnival in pro tion chopped into bits and spread about the county does any good that is gress there this week, worth speaking of, it is certain that the Harmon road was a very bad road was a visitor in Dixon yesterday. and we believe that Harmon was entitled to a portion of the aid.

The whole thing resolves itself into a vivid demonstration of the fact the state rifle shot. that the only solution to the road problem in Lee county is the big bond issue that will raise enough money to put brick or concrete on every road of any importance in Lee county. What good does a half mile of cement road art. do when it is dropped down in the middle of a twenty-mile stretch of black, lin Grove were Dixon shoppers last bottomless mud? We believe that with the exception of one thing, it is an absolute waste of money. The only saving feature of the procedure is that the tored in from east of town this morn sample specks of road are a demonstration, an advertisement for the good of the cause and serve to show, by the rules of comparison, how extremely and Franklin Grove were in Dixon today. unreservedly rotten are the rest of the roads in the county. (And this county is no exception to nearly every other county in the state). Illinois is a mud puddle every time it rains and our roads are about as smooth as the business section of a waffle iron when they get dry, and they usually stay that way until-it rains again.

CONQUERED IN CUSTOMS HOUSE.

United States marines, without effort and without bloodshed, have now try classes of the North Dixon high occupied practically all the customs houses of the republic of Haiti. All told, the Americans are only a handful. They exercise no control in the interior, with friends in Polo and their presence is felt nowhere except at the customs houses. Yet Hayti from Nelson this morning is strangely and seemingly happily peaceful.

For in Hayti, as in other tropical American republics, the customs house day on business is the seat of all trouble. Most of the national revenue comes from the cus-daughter, Frances Helene, have retoms house. And the tropical American revolution is a business for revenue turned from a week's visit in Chicago only. With the revenue safeguarded there is no inspiration for revolutionists.

The pacification of Hayti, thus carried along strictly scientific lines, has Dixon on business yesterday been extremely easy. Actual conquest of the country for purposes of temporary occupation and rectification would have required a considerable army and the expenditure of large sums of money. Many American lives would iness visitors in Dixon this morning have been sacrificed. But the customs house method requires only a few score marines, with two or three cruisers in the offing. It is almost the final after a short stay with friends her word in efficiency.-Exchange.

Tailored Suits at \$25

Suits at this price have proven very popular this season and we have been compelled to reorder several times to enable us to keep stock up.

This week we added many new models, exhibiting the very latest fashion ideas and offering each design in a variety of fabrics.

One very good reason for the popularity of Suits at this price this season is their extreme practicability-combining as it does in the most marked degree economy and efficiency.

Every lady who desires maximum value for her money will find it especially worth while looking at the many garments we are showing at \$25.

CHILDREN'S SOUVENIR DAY

STORY BOOKS FREE By Claude Wetmore.

A charming story for boys and girls of the adventures of the QUILLAVERS in BIG FOLKS' LAND - a story that will hold any child's interest to the very end, and teach a lesson of life-

The first 100 boys and girls who present to THE MAJESTIC RANGE SALESMAN, at our store, between 3 and 5 p. m., TUESDAY, written answers to the following questions, will receive this fascinating story book FREE.

1-What range is your mother now using? 2-Give names of anyone you know needing a new range. 3-The Majestic Range has many points of superiority -

which does your mother consider best? 4-What is your age? 5-When is your birthday?

\$1.00 ARTICLE FREE

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock IN ADDITION TO THE SOUVENIR.

A PRIZE FOR EVERYBODY. Don't be discouraged if you are not one of the 100 to get the story book. You will receive a MAJESTIC PUZZLE CARD that will afford you many hours of amusement.

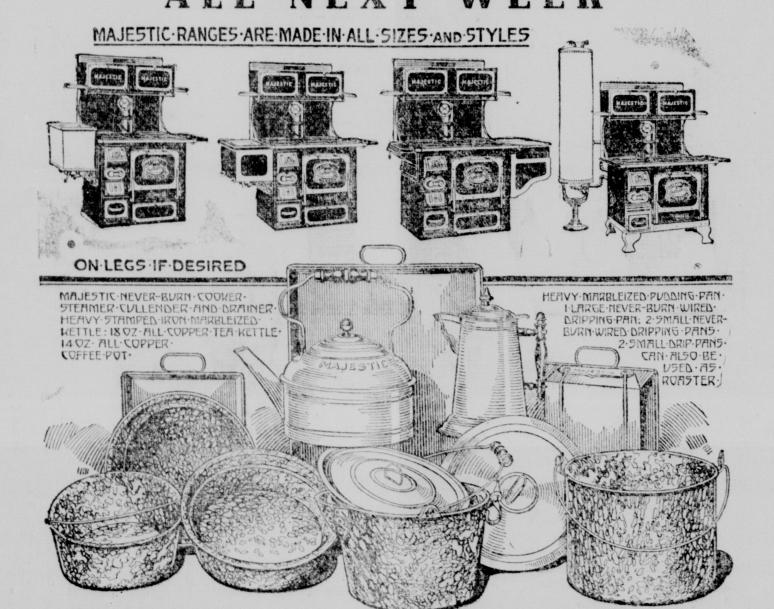

Be sure to have your answers ready to hand in at our store TUESDAY afternoon, between three and five. They must be WRITTEN if you wish to receive a souvenir or prize. All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the

MAJESTIC is the best range on earth at any price. Come, If You Intend to Buy or Not.

EDUCATION lies in KNOWING THINGS-KNOW why the oven of a range is heated-KNOW how the water is heated-How the top is heated-WHY the MAJESTIC uses so little fuel -- KNOW how a range is made inside and outside. This education may serve you in the future, DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same), we will give free, one handsome set of ware as illustrated here, or a special set of ALUMINUM WARE.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook

You KNOW that old stove eats up a lot of fuel each year. You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while-you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range-a range with a reputation-

MALLEABLE AND RANGE THE GREAT MAJESTIC

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION-ask your neighbors. Then, too, it's made just right and of the right kind of material -MALLEABLE and CHARCOAL IRON—riveted together practically air tight-lined with pure asbestos-parts being malleable can't break - has a removable reservoir and an oven that doesn't warp-that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking-properly handled lasts a lifetime, and costs practical nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC-have its many exclusive features explained-find out why the MA-JESTIC is 300 per cent stronger than other ranges where most

SON IS QUIZZED. IN DONAHUE POISONING

Not Those of Victim.

Peoria, Ill., Sept. 30 .- Finger prints on a sugar bowl offered the most tangible clew to the identity of the persons who attempted to take the life of Mrs. Addie Donahue, wealthy widow of Chillicothe, who is recovering from the effects of strychnine poisoning, placed in a cup of tea. The finger prints are not those of Mrs. Dona-State's Attorney McNemar question-

ed Harry Donahue, the twenty-oneyear old son of Mrs. Donahue. Young Donahue, it is said, admitted that he has had numerous worldly wars with his mother during the last two months over the banking of a large sum of money, which he declares belongs to him, but is deposited in the bank in his mother's name. He declared he knew nothing of strychnine having been placed in a table receptacle and in food at the Donahue home. He denied knowing anything about how corrosive sublimate chanced to be placed in a dozen other receptacles in the kitchen. Donahue was questioned about his having opposed his mother in keeping company with a man obpectionable to him. He said quarrels had resulted from their differences.

German line, which is taken here as proof that he has broken through the second line.

May Call Von Hindenburg. Though Berlin has made light of the battle, and has said that "no gains worthy of mention" have been made by the allies, it is published in German papers that at least two German generals on the western front have been dismissed from their commands because of the losses they had sustained, and that there is a call for a new commander in chief. It is hinted that Von Hindenburg will be sent to the western line. The German loss so far in this battle is estimated official-

y in Paris at 120,000 men. Still another coup is foreshadowed by the official report from Paris that the Franco-Swiss frontier has been closed, and that all letters, telegrams and other communications will be held up for forty-eight hours.

Berlin, however, claims that the offensive of the allies has practically ground has already been retaken. This is in direct contradiction to the Plainwell, Mich. Paris claim that all new positions have been held. The German office claims that the French attacks at Souchez and Neuville were "partly repelled," and that the French atempt to break the German lines in the Champagne were failures.
